

Rehage Entertainment (RE:), one of the nation's leading independent live events company and creator of **New Orleans'** acclaimed **Voodoo Experience**, will once again join forces with Brad Pitt's **Make It Right Foundation** by producing "**A Night to Make It Right**" fundraiser. The **Saturday, March 10 New Orleans benefit gala** will raise **vital funds for the completion of 150 environmentally friendly homes in the city's Lower Ninth Ward**. In 2007, **REHAGE ENTERTAINMENT** produced **The Pink House Project** with Pitt and production designer **Stefan Beese**, a collaboration which resulted in a **D&AD Yellow Pencil Award for Best Environmental Design/Installation**. While working on the project, **Beese** fell in love with **New Orleans** and has since moved his family there where he and **REHAGE ENTERTAINMENT** founder and **New Orleans** native **Stephen Rehage** started the award-winning **RE:BE Design** firm.

"A Night to Make It Right", presented by **Hyatt Regency New Orleans**, will include political leaders, philanthropists, artists and entertainers. **Ellen DeGeneres** will host the event, which features a dinner celebrating the finest culinary traditions of New Orleans and **performances by**

Rihanna, Sheryl Crow and local critically acclaimed artists **The Preservation Hall Jazz Band, Irvin Mayfield** and **Soul Rebels**. The **after party**, hosted by comedian **Aziz Anzari**, will feature performances by **Kanye West, Seal** and others.

"A Night to Make It Right" marks the latest event for the **New Orleans/New York/Los Angeles-based REHAGE ENTERTAINMENT**. Since the company's **1991** inception, **REHAGE ENTERTAINMENT** has established its preeminence in the live-events space through a mix of entertainment and philanthropic related productions. Some of the event's in the company's wide history include: a 16 year relationship with the **Revlon Run/Walk for Women™** first in **New Orleans** for three years, growing with the event into **New York's Time Square/Central Park**, those events raised more than **\$60 million** in the fight against women's cancers; in **2009 REHAGE ENTERTAINMENT** created and produced Web MD's **Rock N Race at the National**

Mall in Washington D.C. for Katie Couric; in 2010, REHAGE ENTERTAINMENT produced and directed the **Gulf Aid Concert** which raised funds and awareness for the **Gulf Relief Foundation's** efforts to support wetlands/coastal environmental issues and the regional food industry following the catastrophic **Deepwater Horizon oil spill**; in 2011, RE teamed up with the **New Orleans Saints** and the **Louisiana Hospitality Foundation** to produce **Gleason Gras**, a daylong event to **raise awareness for ALS and provide funds for advanced and experimental technology, equipment, and treatment**; in 2005, the company's **Voodoo Experience** (which Rehage created in 1999 and has produced every year since) was **threatened with being displaced by the tragedy of Hurricane Katrina**. Instead, **Rehage and his team** staged a **free concert** for the **first responders, military, volunteers, and returning residents less than 60 days** after the **catastrophe**, who all came together in celebration of a city they love. That event earned **Rehage a Key To The City** of his New Orleans hometown.
