KISS, Lenny Kravitz and the Silversun Pickups have all rocked out in front of Stefan Beese's viewing platform made entirely of shipping containers.

On behalf of his company, RE:BE Design, Stefan Beese constructed this industrial venue for the Voodoo Music Festival.

The unconventional structure includes seating and a VIP club.

What truly makes Stefan Beese's creation fascinating is its eco-friendly benefits, as it calls for re-purposing of previously-disposed metals.

Implications - Consumers are appreciative of containers that can be used to store the abundance of products which help to simplify lives. Businesses that focus upon sleek products that allow for easy
